ALBA

This assortment of statement fabrics celebrates the spirit of Maison Manuel Canovas with diverse designs and a vibrant approach to colour. Botanical prints and embroideries abound on the finest quality natural grounds, complemented by contemporary interpretations of ikat and kilim inspired geometrics. An intricate Persian inspired toile completes the collection, depicting a journey along the historical silk road, rendered with a delicate hand and fresh colouring.

ROMA

This collection of three fancy velvets features two 'corduroy' velvets of varying thickness and weight and a striking strié cut velvet; Roma is delightfully thick, plush and luxurious whilst Sienna is thin-lined and sartorial, both are offered in an exhilarating colour palette with a quintessentially Canovas feel. The collection is completed with Padova, a decorative cut and loop pile velvet with tonal strié pattern.

RIMINI

This double purpose woven and felted wool has a wonderful softness and very high resistance, offered in a wide range of exciting colours.

Cushions and Chair: RIMINI

NURA

Inspired by the colourful turbans of the nineteenth century Raj, this subtle cotton satin with a slight sheen is available in a fabulous range of vibrant colours and usable neutral tones.

NARA & BALANGAN

This collection of exquisite Toile de Jouy fabrics and wallcoverings brings a remarkable contemporary colour palette to a time-honoured french tradition. Four newly created patterns that take us to tropical climates, India and even Japan with each design hand drawn by skilled French artisans. Alongside these original works are a selection of brilliantly coloured patterns from the Canovas archives, re-introducing some of the finest Toile artworks.

BALI

This all-encompassing collection of decorative prints and usable weaves is the ideal resource for outdoor schemes and indoor environments where durability and performance is key. Hand drawn depictions of highly detailed shells, shoals of exquisitely coloured fish, flocks of stylized birds and tropical foliage are accompanied by tonal geometric and semi plain weaves.
